

Parent Volunteer Interest Form

As a parent of a synchronized swimmer, you can do many things to help out with the program. Volunteering parents help out with the sewing of costumes, donations of flowers and cake for the last performance, supervising the locker room on show nights, and with snacks for the two late night rehearsals. Please fill out this interest form to indicate what you would like to be active with over the summer. These jobs are a great way to get to know the parents of other swimmers and become more involved in the program.

In the past years, the support of parents has been the backbone of this program. We hope that this tradition continues! Welcome to the City of Torrance Aquacade!
